Hiring Manager
IFM Website

Dear Hiring Manager,

Thank you for the opportunity to apply for the Developer role at your company. After reviewing your job description, it's clear that you're looking for a candidate that is extremely familiar with the responsibilities associated with the role, and can perform them confidently. Given these requirements, I am certain that I have the necessary skills to successfully do the job adeptly and perform above expectations.

I am a quality-oriented college student (Telecommunications & Information Technology) currently attending Kenyatta University. During the course of my academic career, I also managed to accrue nearly 2 years of work experience. I had the privilege of working for Legitimate Technology in an USSD Software Platform role in my free time, where I learned valuable professional skills such as application development, programming, and web platform development. In both my academic and professional life, I have been consistently praised as results-oriented by my professors and peers. Whether working on academic, extracurricular, or professional projects, I apply proven teamwork, problem-solving, and technical skills, which I hope to leverage into the Developer role at your company.

After reviewing my resume, I hope you will agree that I am the type of competent and competitive candidate you are looking for. I look forward to elaborating on how my specific skills and abilities will benefit your organization. Please contact me at 254715583438 or via email at mudenhiojunior2@gmail.com to arrange for a convenient meeting time.

Thank you for your consideration, and I look forward to hearing from you soon.

Sincerely,

Haggai Mudenyio
